

Season 1: Jibhi | Off the Grid

⌚ 2 nights, 3 days

Overview

Some places don't try to stand out.

They stay quiet... until you're ready to notice them.

Hidden in the folds of Himachal, **Jibhi** is one such valley. Not loud with attractions, not rushed with itineraries. Just forests, flowing water, and stories that reveal themselves slowly.

Over the course of this journey, you move through different layers of the valley. From peaceful forest walks and the gentle rhythm of **Jibhi Waterfall**, to the forgotten history of **Raghupur Fort**, and finally into the quiet, almost sacred energy of **Balo Temple**.

But this isn't just about where you go.
It's about how you experience it.

There's space to pause.
To create.
To reflect without being told what to feel.

Conversations happen naturally. Silence feels comfortable. And somewhere between the trails and the stillness, the experience becomes personal.

Limited to a small group, this is not a rushed trip or a checklist of places. It's a slower, more intentional way of traveling... where the journey stays with you, long after you've left the mountains.
